

Web Consultant Hub – MVP Development Proposal

Total Cost: USD 650

Total Duration: 2 Months

This document outlines the milestone-based proposal for the development of the Web Consultant Hub MVP, as defined in the approved scope (Section 2.1)

Milestone 1: Foundation & Access

Cost: USD 200

This milestone focuses on establishing the platform foundation and enabling fast, email-first user access.

Scope includes public landing page, consultant/client selection, typeform-like email capture, magic link authentication, and role-based routing.

Acceptance Criteria: Users can securely log in using email links and are routed to the correct role-based area.

Milestone 2: User Onboarding & Subscriptions

Cost: USD 250

This milestone delivers full onboarding for consultants and clients, including subscription handling.

Consultants can complete profiles, manage availability, upload CVs, set location/work preferences, and subscribe via Stripe (€99/year). Clients can create profiles and submit detailed requests.

Acceptance Criteria: Consultants can subscribe and become match-eligible; clients can submit valid requests.

We need also to be able to modify
Clients could have several requests/needs.
Consultant could modify their profil
and availability.
users could delete the profil/request.

Milestone 3: Matching & Admin Workflow

Cost: USD 200

This milestone enables admin-controlled matching and coordination between consultants and clients.

Includes automated matching logic, admin dashboard for reviewing requests, consultant shortlisting, status tracking, and admin-initiated email communication.

Acceptance Criteria: Admin can review matches, manage statuses, and initiate communication

Payment Summary

Milestone 1: USD 200

Milestone 2: USD 250

Milestone 3: USD 200

Total Project Cost: USD 650

Payment Terms & Method

The total project cost is USD 650, payable on a milestone basis upon successful completion and approval of each milestone.

Payments will be made via mutually agreed direct payment methods such as bank transfer, Wise, payoneer or PayPal. Invoices will be issued prior to each milestone payment.

Work on each milestone will commence after confirmation of the corresponding milestone payment
